6 “**Bankruptcy Rules**”), for authority to retain and employ Munger, Tolles & Olson LLP (“**MTO**”
7 or “**Firm**”) as counsel on certain matters for the Debtors effective as of the Petition Date (as

14 **I. JURISDICTION**

15 The Court has jurisdiction over this Application under 28 U.S.C. §§ 157 and 1334, the
16 *Order Referring Bankruptcy Cases and Proceedings to Bankruptcy Judges*, General Order 24
17 (N.D. Cal.), and Rule 5011-1(a) of the Bankruptcy Local Rules for the United States District Court

22 On January 29, 2019 (the “**Petition Date**”), the Debtors commenced voluntary cases under
23 chapter 11 of the Bankruptcy Code. The Debtors continue to operate their businesses and manage
24 their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy

3 the U.S. Trustee appointed an Official Committee of Tort Claimants (the “**Tort Claimants**
4 **Committee**” and, together with the Creditors Committee, the “**Committees**”). Additional
5 information regarding the circumstances leading to the commencement of the Chapter 11 Cases
6 and information regarding the Debtors’ businesses and capital structure is set forth in the *Amended*

9 IV. MTO'S QUALIFICATIONS

10 MTO is well-qualified to represent the Debtors in the Specific Matters. Since October
11 2017, MTO has represented and advised the Utility on regulatory law. MTO is currently
12 representing the Utility in connection with CPUC Proceeding R.19-01-006 and the Debtors in
13 CPUC Proceeding I.15-08-019. MTO has also represented the Utility in proceedings before the
14 CPUC seeking authorization for the Utility to issue financing, including the DIP Financing;
15 advised the Utility regarding California affiliate transaction rule compliance; and advised the
16 Utility on potential California legislation affecting public utilities. In addition, MTO has advised
17 the Debtors on CPUC matters generally and on specific issues of California law relating to
18 potential transactions in these cases.

19 MTO is also currently advising the Utility in connection with regulatory issues concerning
20 its wholesale power purchase agreements, including in connection with the administrative
21 proceeding before FERC captioned *NextEra Energy, Inc., et al. v. Pacific Gas and Electric*
22 *Company*, FERC Docket No. 19-35-000, and the adversary proceeding *PG&E Corp. et al. v.*
23 *Federal Energy Regulatory Commission*, Adv. Proc. No. 19-03003 (N.D. Cal.). MTO does not
24 anticipate appearing as counsel for the Utility in either matter but may appear as counsel of record
25 in any appeal.

26 In addition to its representation of the Debtors, MTO has represented Edison International
27 and a number of its regulated and unregulated subsidiaries, including Southern California Edison
28 Company ("SCE") on various regulatory matters, including the energy crisis of 2000-01,

1 proceedings arising from wildfires, and proceedings related to the shutdown of the San Onofre
2 Nuclear Generating Station. MTO has also represented regulated utilities in connection with
3 various transactional and bankruptcy matters, and in numerous proceedings before federal, state,
4 and local regulatory bodies.

5 Since June 2018, MTO has represented the Utility as outside counsel in connection with
6 certain potential and actual criminal investigations relating to a series of fires that occurred in
7 Northern California in the fall of 2017 and the November 2018 Camp Fire. MTO's legal services
8 have included representing the Utility in connection with: (1) communications with, responses to
9 requests from, and negotiations with the California Attorney General and certain state District
10 Attorney offices; and (2) potential investigations from other state and federal governmental
11 agencies. MTO is also advising the Utility with respect to the Butte County Settlement. MTO
12 also is working with Debtors' counsel in civil actions to provide advice regarding potential impact
13 of the Utility's position civil litigation on in the criminal investigations.

14 MTO has significant experience representing clients facing potential criminal and civil
15 liability for major fires. For example, MTO defended an owner against criminal and civil liability
16 arising from the 240,000 acre Zaca fire in 2007, then the second largest fire in California history.

17 More generally, MTO has one of the premier criminal defense and internal investigation
18 practices in the country. MTO's criminal defense and investigations group includes several
19 former federal prosecutors, as well as other lawyers with significant experience representing
20 clients who are the targets of criminal enforcement proceeding and related civil and administrative
21 litigation. MTO attorneys have defended clients under investigations by federal, state and local
22 authorities, including investigations by the United States Department of Justice and multi-
23 jurisdictional state attorney general investigations. MTO has also conducted hundreds of internal
24 investigations in the United States and around the world.

25 **V. TERMS OF MTO'S ENGAGEMENT**

26 The terms of MTO's current representations of the Debtors in the above-referenced matters
27 are set forth in the engagement letters attached as Exhibits 1 through 6 to the Weissmann
28 Declaration.

1 **VI. CORDINATION WITH OTHER PROFESSIONALS**

2 MTO is aware that the Debtors have submitted, or intend to submit, separate applications
3 to retain other law firms for civil litigation arising from the California wildfires described above,
4 including Weil, Gotshal & Manges LLP (“Weil”), Cravath, Swaine & Moore LLP (“Cravath”)
5 and Jenner & Block LLP (“Jenner”). MTO intends to coordinate with Debtors, Weil, Cravath,
6 Jenner and other professionals to clearly delineate the scope of services and avoid the duplication
7 of services wherever reasonably possible.

8 **VII. NO ADVERSE INTEREST WITH RESPECT TO THE SPECIFIC MATTERS**

9 The Weissmann Declaration, incorporated herein by reference, discloses MTO connections
10 to the Debtors and parties in interest in these Chapter 11 Cases that MTO has been able to
11 determine as of the time of filing this application. In reliance on the Weissmann Declaration, and
12 except as set forth therein, the Debtors believe that MTO does not hold or represents an interest
13 adverse to the Debtors or their estates with respect to the Specific Matters.

14 **VIII. COMPENSATION AND FEE APPLICATIONS**

15 Subject to Court approval of this Application, MTO intends to apply for compensation for
16 professional services rendered on an hourly basis and the reimbursement of reasonable expenses.
17 The hourly rates and corresponding rate structure MTO will apply are the same as the hourly rates
18 and corresponding rate structure that MTO uses in other restructuring matters, and are comparable
19 to the hourly rates and corresponding rate structure that MTO uses for corporate, securities, and
20 litigation matters, whether in court or otherwise, regardless of whether a fee application is
21 required. The hourly rates used by MTO in representing the Debtors are consistent with the rates
22 that MTO charges other clients (including other clients in chapter 11 cases), regardless of the
23 location of the client or the court in which the matter is pending.

24 MTO and the Debtors have not agreed to any variations from, or alternatives to, MTO’s
25 standard billing arrangements. As discussed in more detail below, MTO rates are subject to
26 periodic change in the ordinary course of business. The MTO 2019 hourly rates for the
27 engagement are as follows:

28

<u>Billing Category</u>	<u>Range</u>
-------------------------	--------------

Partners	\$860 to \$1,500
Of Counsel	\$860 to \$1,075
Associates	\$460 to \$825
Paraprofessionals	\$270 to \$460

The MTO hourly rates are set at a level designed to compensate MTO fairly for the work of its attorneys and paraprofessionals and to cover fixed and routine expenses. Hourly rates vary with the experience and seniority of the individuals assigned. These hourly rates are subject to periodic adjustments to reflect economic and other conditions.¹ MTO represented the Debtors before the Petition Date using the hourly rates listed above.

As set forth in the Weissmann Declaration, the Debtors understand and have agreed that MTO will apply to the Court for allowance of fees and reimbursement of expenses in accordance with the applicable provisions of the Bankruptcy Code, the Bankruptcy Rules, the Bankruptcy Local Rules, the *United States Bankruptcy Court Northern District of California Guidelines for Compensation and Expense Reimbursement of Professionals and Trustees*, effective February 19, 2014 (the “**Local Guidelines**”), the *U.S. Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed under 11 U.S.C. § 330 by Attorneys in Larger Chapter 11 Cases*, effective November 1, 2013 (the “**U.S. Trustee Guidelines**,” and together with the Local Guidelines, the “**Fee Guidelines**”), and any further Orders of the Court in these Chapter 11 Cases regarding professional compensation and reimbursement of expenses (the “**Orders**”).

MTO will maintain detailed, contemporaneous time records in six-minute intervals and apply to the Court for payment of compensation and reimbursement of expenses in accordance

¹ Like many other law firms, MTO typically increases the hourly billing rate of attorneys and paraprofessionals once a year, which increase includes (i) ordinary course step increases related to the advancing seniority or promotion of an attorney or paraprofessional (a “**Step Increase**”), and (ii) periodic (generally yearly) rate increases with respect to each level of seniority (a “**Rate Increase**”). The Step Increases do not constitute “rate increases” (as the term is used in the *Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 by Attorneys in Larger Chapter 11 Cases*, effective November 1, 2013). The proposed order provides that MTO will provide reasonable advance notice to the Debtors and the U.S. Trustee of any Rate Increase.

1 with the Bankruptcy Code, Bankruptcy Rules, and Fee Guidelines.² MTO timekeepers will record
2 time using billing categories that substantially conform to those categories set forth at section 8(b)
3 of the U.S. Trustee Guidelines, and will record the amount of time per task within each billing
4 category.³

5 Furthermore, MTO will maintain records of expenses incurred and itemize those expenses
6 as well as summarize them by expense categories established as part of MTO's customary billing
7 procedures. MTO does not charge clients for office supplies, standard duplication, facsimile
8 transmissions, secretarial support, or Westlaw or Lexis computer-assisted legal research. MTO
9 does charge its clients in all areas of practice for all other expenses incurred in connection with a
10 representation. The expenses charged to clients include, among other things, telephone conference
11 call and international call charges, mail, express mail, and overnight delivery service charges,
12 special or hand delivery charges, document retrieval charges, mass mailings (including envelopes
13 and labels), outside copying services, airfare, meals, lodging, transcription costs, and non-ordinary
14 overhead expenses. MTO will charge the Debtors for these expenses in compliance with all
15 applicable rules, procedures and orders of the Court.

16 Pursuant to Bankruptcy Rule 2016(b), no agreement or understanding exists between MTO
17 and any other person, other than as permitted by Section 504 of the Bankruptcy Code, to share
18 compensation received for services rendered in connection with these Chapter 11 Cases, nor shall
19 MTO share or agree to share compensation received for services rendered in connection with these
20 Chapter 11 Cases with any other person other than as permitted by section 504 of the Bankruptcy
21 Code.

22 On November 21, 2018, the Debtors provided MTO with an advance payment retainer of
23 \$3 million (the "**Retainer**") for professional services to be rendered to the Debtors. Pursuant to a
24

25 ² In applying to the Court for payment of compensation and reimbursement of expenses,
26 MTO will also make reasonable efforts to comply with the U.S. Trustee Guidelines.

27 ³ MTO may, in its discretion and in consultation with the Debtors, determine to create
28 separate or additional billing categories for certain discrete projects undertaken during these
Chapter 11 Cases.

1 retainer agreement, MTO's fees and expenses were deemed automatically deducted from the
2 Retainer as such fees and expenses were incurred. As of the Petition Date, the balance of the
3 Retainer was approximately \$790,678.66.⁴

4 Subject to Court approval, the Retainer will be disbursed in payment of the amounts owed
5 to MTO as of the Petition Date (including any amounts owed to economic consulting firms), while
6 the remaining amounts will be held until the conclusion of MTO's engagement and applied to any
7 fees or expenses of MTO awarded in a final fee application. MTO will return the remaining
8 balance, if any, to the Debtors.

9 **IX. BASIS FOR RELIEF**

10 The Debtors seek retention of MTO as their counsel pursuant to section 327(e) of the
11 Bankruptcy Code, which provides that a debtor, subject to Court approval:

12 may employ, for a specified special purpose, other than to represent the trustee in
13 conducting the case, an attorney that has represented the debtor, if in the best
14 interest of the estate, and if such attorney does not represent or hold any interest
adverse to the debtor or to the estate with respect to the matter on which such
attorney is to be employed.

15 11 U.S.C. § 327(e).

16 This provision authorizes a debtor to retain counsel for a specified special purpose,
17 provided that: (a) the appointment is in the best interest of the debtor's estate, (b) counsel does not
18 hold an interest adverse to the debtor or to the estate with respect to the matter for which counsel
19 is to be employed, and (c) the specified special purpose for which counsel is being retained does
20 not rise to the level of conducting the bankruptcy case for the debtor in possession. *See In re*
21 *Goldstein*, 383 B.R. 496, 501 (Bankr. C.D. Cal. 2007).

22 Based on the foregoing, the Debtors submit that for all the reasons stated above and in the
23 Weissmann Declaration and the Loduca Declaration, the retention of MTO as counsel with respect
24 to the Specific Matters is warranted and satisfies Section 327(e) and Bankruptcy Rule 2014(a).
25 Further, as stated in the Weissmann Declaration, MTO does not hold or represent an interest
26

27 _____
28 ⁴ Information regarding payments that MTO received from Debtors in the 90-day period before the
Petition Date is set forth in the Weissmann Declaration.

2 connection to the Debtors, their creditors, or other parties in interest, except as disclosed in the
3 Weissmann Declaration.

4 The Debtors submit that the terms and conditions of MTO's employment, as disclosed in
5 this Application, are reasonable.

6 **X. NOTICE**

7 Notice of this Application will be provided to (i) the Office of the United States Trustee for
8 Region 17 (Attn: James L. Snyder, Esq. and Timothy Laffredi, Esq.); (ii) counsel to the Creditors
9 Committee; (iii) counsel to the Tort Claimants Committee; (iv) the Securities and Exchange
10 Commission; (v) the Internal Revenue Service; (vi) the Office of the California Attorney General;

14 financing facilities; and (xii) those persons who have formally appeared in these Chapter 11 Cases
15 and requested service pursuant to Bankruptcy Rule 2002. The Debtors respectfully submit that no
16 further notice is required.

17 No previous request for the relief sought herein has been made by the Debtors to this or
18 any other court.

19 WHEREFORE the Debtors respectfully request that the Court authorize entry of an order
20 substantially in the form attached hereto as **Exhibit A**, granting the relief requested herein in this

1 **MTO's Qualifications**

2 MTO is well-qualified to represent the Debtors on all matters with the scope of the
3 proposed engagement.

4 Since October 2017, MTO has represented and advised the Utility on regulatory law.
5 MTO is currently representing the Utility in connection with CPUC Proceeding R.19-01-006 and
6 the Debtors in CPUC Proceeding I.15-08-019. MTO has also represented the Utility in
7 proceedings before the CPUC seeking authorization for the Utility to issue financing, including
8 the DIP Financing; advised the Utility regarding California affiliate transaction rule compliance;
9 and advised the Utility on potential California legislation affecting public utilities. In addition,
10 MTO has advised the Debtors on CPUC matters generally and on specific issues of California law
11 relating to potential transactions in these cases.

12 MTO is also currently advising the Utility in connection with regulatory issues concerning
13 its wholesale power purchase agreements, including in connection with the administrative
14 proceeding before FERC captioned *NextEra Energy, Inc., et al. v. Pacific Gas and Electric*
15 *Company*, FERC Docket No. 19-35-000, and the adversary proceeding *PG&E Corp. et al. v.*
16 *Federal Energy Regulatory Commission*, Adv. Proc. No. 19-03003 (N.D. Cal.) (the “**FERC**
17 **Matters**”). MTO does not anticipate appearing as counsel for the Utility in either matter but may
18 appear as counsel of record in any appeal.

19 In addition to representing the Debtors, MTO has represented Edison International and a
20 number of its regulated and unregulated subsidiaries, including Southern California Edison
21 Company (“**SCE**”) on various regulatory matters, including the energy crisis of 2000-01,
22 proceedings arising from wildfires, and proceedings related to the shut down of the San Onofre
23 Nuclear Generating Station. MTO has also represented regulated utilities in connection with
24 various transactional and bankruptcy matters.

25 Since June 2018, MTO has represented the Utility as outside counsel in connection with
26 certain potential and actual criminal investigations relating to a series of fires that occurred in
27 Northern California in the fall of 2017 and the November 2018 Camp Fire. MTO's legal services
28 have included advising and representing the Utility in (1) communications with, responses to

1 requests from, and negotiations with the California Attorney General and certain state District
2 Attorney offices; and (2) potential investigations from other state and federal governmental
3 agencies. MTO is also advising the Utility with respect to the Butte County Settlement.

4 MTO has significant experience representing clients facing potential criminal and civil
5 liability for major fires. For example, MTO defended an owner against criminal and civil liability
6 arising from the 240,000 acre Zaca fire in 2007, then the second largest fire in California history.

7 More generally, MTO has one of the premier criminal defense and internal investigation
8 practices in the country. MTO's criminal defense and internal investigations group includes
9 several former federal prosecutors, as well as other lawyers with significant experience
10 representing clients who are the targets of criminal enforcement proceeding and related civil and
11 administrative litigation. MTO attorneys have defended clients under investigations by federal,
12 state and local authorities, including investigations by the United States Department of Justice and
13 multi-jurisdictional state attorney general investigations. MTO has also conducted hundreds of
14 investigations in the United States and around the world.

15 **Terms of MTO's Engagement**

16 The terms of MTO's current representations of the Debtors in the above-referenced matters
17 are set forth in the engagement letters dated, attached as **Exhibits** 1 through 6 hereto.

18 **Coordination With Other Professionals of the Debtors**

19 MTO is aware that the Debtors have submitted, or intend to submit, separate applications
20 to retain other law firms for civil matters arising from the California wildfires described above,
21 including Weil, Gotshal & Manges LLP ("**Weil**"), Cravath, Swaine & Moore LLP ("**Cravath**")
22 and Jenner & Block LLP ("**Jenner**"). MTO intends to coordinate with Debtors, Weil, Cravath,
23 Jenner and other professionals to clearly delineate the scope of services and avoid the duplication
24 of services wherever reasonably possible.

25 **Compensation and Fee Applications**

26 Subject to Court approval of this Application, MTO intends to apply for compensation for
27 professional services rendered on an hourly basis and the reimbursement of reasonable expenses.
28 The hourly rates and corresponding rate structure MTO will apply are the same as the hourly rates

1 and corresponding rate structure that MTO uses in similar matters, and are comparable to the
2 hourly rates and corresponding rate structure that MTO uses for corporate, securities, and
3 litigation matters, whether in court or otherwise, regardless of whether a fee application is
4 required. The hourly rates used by MTO in representing the Debtor are consistent with the rates
5 that MTO charges other clients (including other clients in chapter 11 cases), regardless of the
6 location of the client or the court in which the matter is pending.

7 MTO will seek allowance of its fees and reimbursement of its expenses in accordance with
8 applicable provisions of the Bankruptcy Code, the Bankruptcy Rules, the United States
9 Bankruptcy Court Northern District of California Guidelines for Compensation and Expense
10 Reimbursement of Professionals and Trustees, effective February 19, 2014, and the United States
11 Trustee Guidelines Region 17, updated December 16, 2016 (the “**Local Guidelines**”), the U.S.
12 Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of
13 Expenses Filed under 11 U.S.C. § 330 by Attorneys in Larger Chapter 11 Cases, effective
14 November 1, 2013 (the “**U.S. Trustee Guidelines**” and together with the Local Guidelines, the
15 “**Fee Guidelines**”) and any additional further Order of the Court in these Chapter 11 Cases
16 regarding professional compensation and reimbursement of expenses (the “**Orders**”).

17 MTO and the Debtor have not agreed to any variations from, or alternatives to, MTO’s
18 standard billing arrangements. As discussed in more detail below, MTO rates are subject to
19 periodic change in the ordinary course of business. The MTO 2019 hourly rates for the
20 engagement range as follows:

Billing Category	Range
Partners	\$860 to \$1,500
Of Counsel	\$860 to \$1,075
Associates	\$460 to \$825
Paraprofessionals	\$270 to \$460

24
25 The MTO hourly rates are set at a level designed to compensate MTO fairly for the work
26 of its attorneys and paraprofessionals and to cover fixed and routine expenses. Hourly rates vary
27 with the experience and seniority of the individuals assigned. These hourly rates are subject to
28

1 periodic adjustments to reflect economic and other conditions.² MTO represented the Debtors
2 before the Petition Date using the hourly rates listed above.

3 MTO will maintain detailed, contemporaneous time records in six-minute intervals and
4 apply to the Court for payment of compensation and reimbursement of expenses in accordance
5 with the Bankruptcy Code, Bankruptcy Rules, and Fee Guidelines.³ MTO timekeepers will record
6 time using billing categories that substantially conform to those categories set forth at section 8(b)
7 of the U.S. Trustee Guidelines, and will record the amount of time per task within each billing
8 category.⁴

9 Furthermore, MTO will maintain records of expenses incurred and itemize those expenses
10 as well as summarize them by expense categories established as part of MTO's customary billing
11 procedures. MTO does not charge clients for office supplies, standard duplication, facsimile
12 transmissions, secretarial support, or Westlaw or Lexis computer-assisted legal research. MTO
13 does charge its clients in all areas of practice for all other expenses incurred in connection with a
14 representation. The expenses charged to clients include, among other things, telephone conference
15 call and international call charges, mail, express mail, and overnight delivery service charges,
16 special or hand delivery charges, document retrieval charges, mass mailings (including envelopes
17 and labels) performed by outside copying services, airfare, meals, lodging, transcription costs, and
18
19

20 ² Like many other law firms, MTO typically increases the hourly billing rate of attorneys
21 and paraprofessionals once a year, which increase includes (i) ordinary course step increases
22 related to the advancing seniority or promotion of an attorney or paraprofessional (a "**Step**
23 **Increase**"), and (ii) periodic (generally yearly) rate increases with respect to each level of
24 seniority (a "**Rate Increase**"). The Step Increases do not constitute "rate increases" (as the term is
25 used in the *Guidelines for Reviewing Applications for Compensation and Reimbursement of*
Expenses Filed Under 11 U.S.C. § 330 by Attorneys in Larger Chapter 11 Cases, effective
November 1, 2013). The proposed order provides that MTO will provide reasonable advance
notice to the Debtors and the U.S. Trustee of any Rate Increase.

26 ³ In applying to the Court for payment of compensation and reimbursement of expenses,
MTO will also make reasonable efforts to comply with the U.S. Trustee Guidelines.

27 ⁴ MTO may, in its discretion and in consultation with the Debtors, determine to create
28 separate or additional billing categories for certain discrete projects undertaken during these
Chapter 11 Cases.

1 non-ordinary overhead expenses. MTO will charge the Debtors for these expenses in compliance
2 with all applicable rules, procedures and orders of the Court.

3 MTO understands that interim and final fee awards are subject to approval by this Court.

4 **MTO's Retainer and Payments in 90 Days Before the Petition Date**

5 On November 21, 2018, the Debtors provided MTO with an advance payment retainer of
6 \$3 million (the "**Retainer**") for professional services to be rendered to the Debtors. Pursuant to
7 MTO's retainer agreement, a true and correct copy of which is attached hereto as **Exhibit 7**,
8 MTO's fees and expenses were to be deemed automatically deducted from the Retainer as such
9 fees and expenses were incurred.

10 The table below reflects all payments received by MTO from the Debtors in the 90 days
11 before the Petition Date, including disbursements from the retainer and replenishments of the
12 retainer. With respect to each payment, the table sets forth the (1) date of payment; (2) the nature
13 of the transaction (i.e., payment of an invoice or retainer); (3) the source of the payment (the
14 Utility or PG&E Corp.); (4) the amount of payment; (5) the date of the corresponding invoice; and
15 (6) the period of services covered by the relevant invoice.

As of the Petition Date, MTO's unbilled time and costs for the period before the petition date was \$75,627.441, whereas the remaining balance of the Retainer was \$790,678.66.

1 Before the Petition Date, the Retainer also funded payments of fees and expenses of two
2 economic consulting firms, The Brattle Group and Compass Lexecon (the “**Economic**
3 **Consultants**”). The Debtors engaged the Economic Consultants in connection with certain CPUC
4 proceedings on which MTO was also providing legal representation to the Debtors.

5 Subject to Court approval, the Retainer will be applied to the amounts owed to MTO as of
6 the Petition Date (including any amounts owed to the Economic Consultants as of the Petition
7 Date), while the remaining amounts will be held until the conclusion of MTO’s engagement and
8 applied to any fees or expenses of MTO awarded in a final fee application. MTO will return the
9 remaining balance, if any, to the Debtors.

10 **No Interest Adverse to Debtors With Respect to the Specific Matters**

11 In connection with the MTO proposed retention by the Debtors, MTO undertook to
12 determine whether it had any conflicts or other relationships that might cause it to hold or
13 represent an interest adverse to the Debtors or their estates with respect to the Specific Matters.

14 First, MTO reviewed a list of names provided by the Debtors (collectively, the “**Interested**
15 **Parties**”) of individuals or institutions set forth on **Schedule 1** hereto. The status of entities listed
16 as Interested Parties on **Schedule 1** may change during the pendency of these Chapter 11 Cases
17 without our knowledge. MTO will update this Declaration as necessary when new names of
18 parties in interest are made available.

19 MTO and certain of its partners and associates may have in the past represented, may
20 currently represent, and are likely in the future to represent, parties in interest in these chapter 11
21 cases in matters unrelated to these chapter 11 cases. For the purpose of preparing this Declaration,
22 MTO searched its electronic database containing the names of current and former clients for its
23 connections to the Interested Parties. MTO compared each of the Interested Parties to the names
24 that MTO has compiled into a master client database from its conflicts clearance and billing
25 records, comprised of the names of the entities for which any attorney time charges have been
26 billed (the “**Client Database**”). The Client Database includes the name of each current or former
27 client, and the names of the MTO personnel who are or were responsible for current or former
28 matters for such client.

1 To the extent I have been able to ascertain based on the search of the Client Database and
2 reasonable inquiry, listed on **Schedule 2** to this Declaration are those Interested Parties, or
3 affiliates thereof, that are or have been MTO clients within the immediately prior two years. None
4 of the representations listed on **Schedule 2** or described herein is materially adverse to the
5 interests of the Debtors or their estates with respect to the Specific Matters, and all prior and
6 current MTO representations of the clients, former clients, or their affiliates and/or subsidiaries are
7 or have been in matters unrelated to the Specific Matters.

8 As reflected in **Schedule 2**, MTO has long represented Edison International and its
9 regulated subsidiary, SCE, in a variety of matters. These representations have not related to these
10 cases, nor have they been adverse to the Debtors with respect to the Specific Matters. I
11 specifically note that MTO currently advises SCE in developing strategies for limiting its exposure
12 to claims by third parties from future wildfires that may be attributed to utility facilities. SCE has
13 a common interest agreement with the Debtors and Sempra Energy in connection with this
14 engagement. I do not believe that this or other representations of SCE create a conflict of interest,
15 but have disclosed them out of an abundance of caution.

16 As also reflected in **Schedule 2**, MTO currently represents, or in the past has represented,
17 certain power producers or other entities involved in the energy and utility sector. These
18 representations have not related to these cases, nor have they been adverse to the Debtors with
19 respect to the Specific Matters. These matters include the current representation of certain power
20 producers in litigation over state utility subsidies for nuclear power plants (in states other than
21 California), including appeals in the Seventh and Second Circuit Courts of Appeals, and a petition
22 for certiorari at the United States Supreme Court. Certain of these current or former clients, or
23 their affiliates, may be counterparties to power purchase agreements with the Utility. MTO does
24 not advise any of these clients on their agreements with the Utility.

25 In addition, as noted above, MTO has advised the Utility in connection the FERC Matters
26 and may appear as counsel of record for the Utility in any appeal of these matters. To the extent
27 that MTO's representation of the Utility on the FERC Matters is adverse or potentially adverse to
28

1 any current client of MTO, MTO has or will obtain written conflict waivers from that client as
2 well as from the Utility.

3 *Second*, in addition to reviewing MTO's Client Database, an email was sent to all current
4 MTO employees asking whether the employees or any member of their households (i) own any
5 debt or equity securities of the Debtors; (ii) hold a claim against or interest adverse to the Debtors;
6 (iii) are or were officers, directors, or employees of the Debtors or any of the affiliates or
7 subsidiaries; (iv) are related to or have any connections to Bankruptcy Judges in the Northern
8 District of California; or (v) are related to or have any connections to anyone working in the
9 Office of the U.S. Trustee for the Northern District of California. No connections were uncovered
10 through this inquiry, save that (1) several employees in MTO's San Francisco office are customers
11 of the Utility; (2) the wife of an MTO partner owns approximately 40 shares of PG&E Corp.
12 stock, which were given to her many years ago by a family member; (3) an MTO associate in the
13 San Francisco office is personal friends with Judge Hannah L. Bluemstiel; and (4) an MTO
14 partner, Ronald Olson, currently serves on the board of directors of Berkshire Hathaway, Inc. I do
15 not believe that any of these connections is material.

16 *Third*, in addition to the above connections, an MTO associate is married to an attorney
17 who is employed by FERC, and an MTO partner is the vice chair of the board of directors of the
18 San Francisco Municipal Transportation Agency. I do not believe that these relationships create a
19 conflict of interest. Nevertheless, out of an abundance of caution, the firm has screened these
20 attorneys from MTO's representation of the Debtors.

21 Based on these conflicts checks, to the best of my knowledge, neither I, MTO, nor any
22 partner or associate thereof, have any connection with the Debtors, their creditors, or any other
23 parties in interest, their respective attorneys and accountants, the U.S. Trustee, any person
24 employed in the Office of the U.S. Trustee, or any bankruptcy judge currently serving on the
25 United States Bankruptcy Court for the Northern District of California, except as disclosed or
26 otherwise described herein.

27 MTO has not, does not, and will not, represent any entity other than the Debtors in these
28 Chapter 11 Cases. From time to time, MTO may have referred matters to other professionals to be

1 retained in these Chapter 11 Cases. Likewise, certain of such professionals may have referred
2 legal work to MTO. Certain insurance companies pay the legal bills of MTO clients and some of
3 these insurance companies may be involved in these chapter 11 cases. None of these insurance
4 companies, however, is an MTO client simply because it pays legal fees on behalf of MTO clients.

5 MTO has in the past, and may in the future, represent certain affiliates, subsidiaries, and
6 entities associated with various professionals that the Debtors or other parties in interest have
7 retained in connection with these Chapter 11 Cases. None of the representations described herein
8 is adverse to the interests of the Debtors or their estates with respect to the Specific Matters. All
9 current, prior and potential future representations of these professionals have been (or, if
10 applicable, would be) in matters unrelated to the Debtors or these Chapter 11 Cases. I do not
11 believe that prior or future representations of these professionals or their affiliates by MTO create
12 a conflict, but disclose the connections out of an abundance of caution.

13 From time to time, MTO partners, counsel, associates, and employees personally invest in
14 mutual funds, retirement funds, private equity funds, venture capital funds, hedge funds, and other
15 types of investment funds, through which such individuals indirectly acquire a debt or equity
16 security of many companies, one of which may be one of the Debtors, often without the
17 knowledge of MTO. To the extent that MTO partners, counsel, associates, and employees
18 personally directly acquire a debt or equity security of a company, MTO has a long- standing
19 policy prohibiting attorneys and employees from using confidential information that may come to
20 their attention in the course of their work. In this regard, all MTO attorneys and employees are
21 barred from trading in securities with respect to which they possess confidential information.

22 Based on the inquiry above, to the best of my knowledge, information and belief, insofar
23 as I have been able to ascertain after reasonable inquiry, I can attest that: (a) MTO has no
24 connection with the Debtors, their creditors, the U.S. Trustee, any person employed in the office of
25 the U.S. Trustee, or any other party with an actual or potential interest in these Chapter 11 Cases
26 or their respective attorneys or accountants, except as set forth herein; (b) MTO is not a creditor,
27 equity security holder, or insider of the Debtors; (c) no MTO partner, associate, or other
28 professional is, or was within two years of the Petition Date, a director, officer, or employee of the

1 Debtors; and (d) MTO neither holds nor represents an interest adverse to the Debtors or their
2 estates with respect to the Specific Matters.

3 MTO will review its files periodically during the pendency of these Chapter 11 Cases to
4 ensure that no conflicts or other disqualifying circumstances exist or arise. If any new relevant
5 facts or relationships are discovered or arise, MTO will use reasonable efforts to identify such
6 further developments and will promptly file a supplemental declaration, as required by Bankruptcy
7 Rule 2014(a). Generally, it is the policy of MTO to disclose clients in the capacity that they first
8 appear in conflicts search. For example, if a client already has been disclosed in this Declaration
9 in one capacity (e.g., a customer), and the client appears in a subsequent conflicts search in a
10 different capacity (e.g., a vendor), MTO does not disclose the same client again in supplemental
11 declarations, unless the circumstances are such in the latter capacity that additional disclosure is
12 required.

13 MTO will not commence a cause of action in these Chapter 11 Cases against any of the
14 parties listed on **Schedule 2** that are current clients of MTO unless MTO has an applicable written
15 informed consent waiver on file or first receives such a waiver from that party. To the extent that
16 a waiver does not exist or is not obtained from such client and it is necessary for the Debtors to
17 commence an action against that client, they will be represented in such particular matter by
18 separate counsel.

19 **Attorney Statement Pursuant to U.S. Trustee Guidelines**

20 The following is provided in response to the request for additional information set forth in
21 Paragraph D.1 of the U.S. Trustee Fee Guidelines.

22 **Question:** Did you agree to any variations from, or alternatives to, your
23 standard or customary billing arrangements for this
engagement?

24 **Response:** No.

25 **Question:** Do any of the professionals included in this engagement vary
26 their rate based on the geographic location of the bankruptcy
case?

27 **Response:** No.

28 **Question:** If you represented the client in the twelve (12) months

1 prepetition, disclose your billing rates and material financial
2 terms for the prepetition engagement, including any
3 adjustments during the twelve (12) months prepetition. If
4 your billing rates and material financial terms have changed
postpetition, explain the difference and the reasons for the
difference.

5 **Response:** MTO represented the Debtors on regulatory matters as well as
6 in connection with investigations arising from the 2017 and
7 2018 Northern California wildfires during the twelve months
8 before the Petition Date. MTO's customary hourly rates
9 during this period were \$825 to \$1,400 for partners and
10 counsel, \$425 to \$790 for associates, and \$250 to \$425 for
11 paraprofessionals. Effective January 1, 2019, MTO adjusted
its standard billing rates for its professionals in the normal
course. The information on page 6 discloses the billing rates
used by MTO from January 1, 2019 through the date hereof.
MTO's billing rates and material financial terms with respect
to this matter have not changed postpetition.

12 **Question:** Has your client approved your prospective budget and staffing
13 plan, and, if so, for what budget period?

14 **Response:** MTO's engagement letters for specific matters include a
15 budget for the matter and address staffing, but these budgets
16 are subject to periodic revision and updates. MTO has
recently submitted a budget for its work relating to certain
wildfire-related matters, which remains under review.

17 The foregoing constitutes the statement of MTO pursuant to section 327(e) of the
18 Bankruptcy Code and Bankruptcy Rules 2014(a) and 2016.
